DEATH OF LOUIS BASSICH.

Resident of Abbeville, La., Well Known in Bay St. Louis, Passes Away—Was Husband of Mrs. Agnes Hoffmann Bassich, Local Native and Former Resident.

Mrs. H. F. Mattox and Mrs. A. R. Hart were called to Abbeville, La., by a message from their sister, Mrs. Agnes Hoffmann Bassich, announcing the dying condition of her husband, Louis Bassich, who passed away Sunday, May 16, 1926, at 11:30 o'clock that night, after an illness extending over a long period.

The deceased was a native of New Orleans, aged 68 years. He was agent for the Southern Pacific Railroad Company at Abbeville and other points on that line for more than thirty years. He was a valued attaché of that company and held in high regard by the employing company and esteemed by all who knew him.

He is survived by his wife, who was Miss Agnes Hoffmann, of Bay St. Louis, and one daughter, Mrs. Willie Putnam, of Rayne, La., and one son, Edward H. Bassich. Burial was at Abbeville, at 9 p. m. Monday, May 17th, and the unusually large funeral well testified to the popularity of a worthy citizen.

### VOCATIONAL TALKS AT ROTARY.

Bay Service Club Inaugurates Series of Vocational Talks by Members. Feature Is Interesting and of Profit to Listeners—To Continue.

Beginning with last Wednesday evening's luncheon, the Bay St. Louis Rotary Club, of which Ernest J. Leonard is the honored and worthy president, inaugurated a series of vocational talks by its members, which have proven not only interesting but of profit to those fortunate to be present.

The initial program for the series last week included President E. J. Leonard and Louis J. Norman, arranged by the program committee.

This week the speakers were Arthur A. Seafie, insurance, and Luther M. Ansley, Mississippi power company. The gentlemen told of their respective businesses, giving inside glimpses and telling the methods pursued in the greatest mutual good resulted.

The talks brought out the fact that strict application to one's business and the practical light of the "customer was always right" were the service counted with equal force, and real, downright work—counted most.

Every member is down for a "vocational talk" and addresses are looked forward to with as much anticipation as the pleasures with which the addresses preceding were received.

Senator Carl Marshall delivered one of his characteristic happy addresses before the assembly adjourned Wednesday night. He frequently interrupted with applause, and all in all his remarks were up to the usual high standard which he has set for himself. An announcement of a discourse by Senator Marshall is always a signal for something interesting.

FLORAL SHOW FOR BAY ST. LOUIS.

On Tuesday, June 1st, a flower show will be held in the lobby of the Hotel Weston, Bay St. Louis. New is the opportunity for all having beautiful flowers to display them. Everybody invited, and parties having flowers of any kind are requested to bring them forward.

Prizes will be awarded to those presenting the most beautiful flower. The show is open to all. No restrictions.

The flower show will be under the auspices of the Home Demonstration Club of the University of Louisiana.

Miss Grace Garreau is leader of the club, one of the 4H organizations which Miss O'Dom, home demonstration agent, is working with so much success of the several over Hancock county.

Due to town residents along the Gulf Coast may participate in the contest. The date is June 1st, notwithstanding other announcements to the contrary.

Hildegrade Carballena, a student at the University of Madrid, has completed three courses toward his bachelor of arts degree at the age of 11. The Royal Princesses Beatriz and Cristiana recently presented her with a prize for attainments in literature.

Bachelors in the Irish civil service receive the same salary scale as women, but married men receive more.

### K. C. INITIATION OF LARGE CLASS OCCURS TOMORROW

Bay St. Louis To Be Scene and Pere LeDuc Council Meet Sunday. When a Class of Sixty-Odd Candidates Will Be Received.

Some sixty-odd candidates will be initiated into Columbianism tomorrow—Sunday—in Bay St. Louis, under the auspices of Pere LeDuc Council, No. 1522, of which Jos. O. Mauffray is grand knight. Candidates will receive the first, second and third degree, with the degree term of Algiers, La., in charge.

Candidates will represent five cities, Hattiesburg, Pascagoula, Biloxi, Gulfport and Bay St. Louis. There will be a special high mass, with musical program, at the Church of Our Lady of the Gulf, 10 o'clock, followed by the initiation at K. C. Hall, in Main street, preceded by a luncheon at the hall.

It is expected there will be 500 visitors to Bay St. Louis tomorrow, many knights accompanying the candidates and ladies and gentlemen friends as well. The Louisville and Nashville Railroad Company will run a special train from Ocean Springs for the occasion, returning tomorrow evening or night, at the disposal of the committee in charge.

Biloxi's City Band will accompany the excursionists and discourse music Friday and Saturday, according to the plan of the day. It is expected this initiation will attract by far the greatest number of people to Bay St. Louis than any such preceding occasion, and local committees have been busy in the premises and word was given today by Grand Knight Mauffray that all are ready for tomorrow. The public in general is invited to the 10 o'clock services at the Church of Our Lady of the Gulf.

Young Brown Started Firing.

When Deputy Sheriff Nicaise attempted to get near the Browns, young Brown leveled his revolver and attempted to fire. Brown's aim was faulty and he shot Constable Depreo three times in the side of the stomach. Depreo fell. In the meantime the Browns, according to the latest available information this Saturday morning, continued firing, but Nicaise was unmolested; however, his father and son, and they died almost instantly.

Constable Depreo Died at Gulfport This Morning.

Constable Depreo was taken to Gulfport Hospital by Deputy Sheriff Nicaise for medical attention. He died at Gulfport at 7:45 o'clock this morning. Thus three men died as a result of the difficulty. At this writing Nicaise was still at Gulfport, and no doubt will bring the body of Depreo back to his family at Kiln, after

J. P. COURT AT KILN.

Judge Frutas Fuentes Holds Court and Metes Out Justice to Violators. Speeding and Driving Under the Influence of Liquor Popular (?) Pastime.

With Deputy Sheriff Leander Nicaise, of the Kiln district, ever on the job, with an alert and keen eye, and Justice Frutas Fuentes on the bench of justice, the guilty "shall not pass," particularly if the aforesaid infractions are trying to pass by the State law opposing speeding.

At Kiln, on Wednesday, the 19th, Judge Fuentes, with County Prosecuting Attorney Emile J. Gex, of Bay St. Louis, present, and Deputy Sheriff Nicaise in his accustomed place, Percy Houston, charged with having liquor in his possession, was sentenced to 60 days imprisonment for the county jail and a fine of \$150.

On second charge, speeding and violating the State speed laws, he was fined \$12.50 and costs, and on third charge, driving under the influence of liquor, fined \$12.50, total fines with costs amounting to \$180.00.

Clayton Haywood, another colored man, was charged with running an automobile without the influence of liquor. Fined \$10.00 and costs, total \$20.35. Both arrests were made by Deputy Sheriff Leander Nicaise.

SOCIAL EVENTS AT LOGTOWN.

No members of a local graduating class have been more feted than Class '26, Logtown High School, and composed of Misses Daisy Fountain, Grace Garreau and Octavia Asher. The trio of graduates-elect have been honored and delighted in every way, and the past week has been practically one series of entertainment.

Monday night the group was entertained with much charm by Miss Grace Garreau at the home of her parents at a dining. The dinner party was a beautiful affair, with the group, was attended by the high school, three teachers of the High School, Prof. E. S. Arnold, Miss Edna Pope and Miss Ruth Smith.

Tuesday afternoon marked the second pre-graduation event, when Mrs. Harold B. Weston, one of Logtown's most charming and popular matrons, with a luncheon to the graduates. In addition to the members of the class there were present Misses Pope and Smith, Mrs. C. W. Fountain, Miss Juli, M. Cassanova, Miss Lela Lot and members of the Logtown class.

The seniors were entertained Tuesday night by Miss Daisy Fountain, with class members and teachers present, and on Tuesday at noon Mrs. Kimball Russ entertained the seniors in Bay St. Louis at the Shamrock

WEEKLY DANCES TO BEGIN JUNE 12.

Announcement is made by the Bay-Waveland Yacht Club, the regular Saturday night dances, to continue throughout the summer, will begin with the night of Saturday, June 12, with a professional orchestra in attendance. In order to popularize the dances, the club has decided to charge only 50 cents for guests who come with members, and the \$1.50 charged for member couples reduced to \$1.00. The Yacht Club weekly dances contribute largely to the gaiety and success of the Bay St. Louis summer season, and this fact must be the first sight of Commodore E. J. Lacoste and associates and Secretary E. J. Dubuc plan to make this a most active and successful summer for the club and city.

### THREE MEN DEAD AS RESULT OF SHOOTING LATE LAST NIGHT

Adolph Depreo, Reuben Brown and Young Son Welborn Are Dead as Result of Shooting Fray at Town of Wiehe—Browns Were Resisting Arrest.

Last night at Wiehe (Catahoula), in Hancock County, as a result of a brawl and bad liquor, Reuben Brown, Jr., and his son, Welborn, and Adolph Depreo, constable for Beat 4, was shot while making an arrest, and three men are cold in death this morning.

Trouble Occurred at Town of Wiehe.

It appears yesterday afternoon there was trouble in a cheap lodging house at Wiehe, kept by two women, and a call for Deputy Sheriff Leander Nicaise, of Kiln, and Constable Depreo for the district in which Kiln is situated, were summoned in order to quell rising trouble. They had just to the scene and effected an arrest, and while waiting for the pending bond of \$500 to be given for appearance, the officers returned to Kiln.

At about 11 o'clock last night the beat officials were again summoned; that trouble was again in the air; the Browns were unruly and serious trouble was imminent. In response to this call for police protection Deputy Sheriff Leander Nicaise and Constable Adolph Depreo hastened to the scene. They found the Browns, both father and son, at the same lodging house, and, according to officials and others, both men were laboring under the influence of bad liquor.

Recent visitors to the North Pole confirm Peary's statement that the top of the world is a sea of ice, with no land near, therefore it is technically upon the high seas, subject to the claims of no nation. One more possible cause of war is thus eliminated.

The April number of "The Nation's Magazine," official publication of the Chamber of Commerce of the United States, publishes a chart map of the United States. The key to this business map is in three "colors." White, for good; shaded, fair; black, quiet. While the top portion of Mississippi is in "white," the lower and Mississippi Gulf Coast territory is "shaded," meaning, of course, fair. This is seemingly an injustice to this section, and will have a tendency to keep students of this map away. That is, if investors and others are seeking a better place to live, and a more prosperous section to do business, a reference to this map or chart would have a tendency to keep them away. It is not stated in just what sense the term "good" is used, but in any event none will disagree in the opinion our business and any other element that might be considered in a sense of prosperity is "good." We certainly must keep our record straight.

## "SHIPP" THE MOSQUITO.

Under the active direction of Dr. C. M. Shipp, county health official, it is interesting to note both county and city of Bay St. Louis are engaged in a united effort to take such measures as will preclude the invasion or sporadic visit of the pestiferous mosquito.

Our mosquito is not deadly, neither poisonous, but a source of much annoyance and not conducive to a good frame of feeling or humor. The work now carried on over the city is commendable. The Echo notes Dr. Shipp is personally directing and overseeing the work, and allowing nothing to pass unnoticed. This week forces of men are at work dragging the bottoms of the different ravines, natural and most effective drainage outlets of the city. Thus in this wise both sanitary and drainage work combined is receiving the highest possible skilled and effective attention.

Dr. Shipp, certain in his course and emphatic in the discharge of his duties, says he finds the people in a receptive mood for such work and willing to co-operate, and that in time there will be no pools or bodies of stagnant water, no lots or other premises high with weeds, and at this rate the elimination of even the possibility of the mosquito will have been taken place.

The mosquito in practically every section has become a subject to reckon with, and only an unremitting campaign and scientific application of the best methods will, in time, eradicate the pest.

Dr. Shipp, the Board of Supervisors and Board of Mayor and Aldermen, all concurring in the work, have the heartiest support of The Echo, and of our people, as a whole as well, and if, in any instance, we may be of any assistance by our humble service, it is at their disposal. We know of no work of more moment and import to this section than this. It behooves one and all to rally.

## AT PINE HILLS, ON BAY ST. LOUIS.

Within a stone's throw from the city of Bay St. Louis, so to speak, and on the Bay of St. Louis, perhaps the largest development on the Mississippi Gulf Coast in progress of development, is Pine Hills. No development, with its hotel, has advanced further than this, with the total expenditure of \$5,000,000, backed entirely by New Orleans capitalists.

The hotel, with 189 rooms, with 100 already reserved for next winter, is fast elevating its walls skyward, and it is expected to be ready for guests on Thanksgiving Day. Initial units of the project under construction and to be completed by November are:

A 150-acre town and residential site.

Seven miles of paved streets and boulevards, with water, lights, gas and allied systems, and fifteen miles of macadam driveways.

A six-story Moorish hotel, with formal dining rooms, roofed and outdoor loggia, and surrounded by formal gardens, shops, swimming plunges, dancing gardens and outdoor terraces.

A yacht harbor and channel.

Golf courses and tennis courts.

Riding stables.

Motor and sailboats for use of residents and hotel guests.

Sites for parks, schools, playgrounds and churches.

Dredges now are cutting the yacht channel and harbor, which will be from twelve to fourteen feet deep. It is planned by the developers to make of the harbor one of the finest privately-owned yacht "chorges" in the South, a harbor which will be safe for craft in all kinds of weather.

The initial unit of 150 acres now being developed is only a small part of the total holdings of the New Orleans men financing the project. Several hundred acres in one block, owned by the same syndicate, surround the development, providing for expansion when necessary.

Pine Hills in time will be a suburb of Bay St. Louis, and it is of much interest to note the program of development in progress.

There are no bad roads in Hancock county. Recently someone said or wrote, so we understand, the roads in Hancock county were excellent, but—Now, the truth is, there is no "but." That's a lie, and a damnable one at that, because it slanders and as a sequence injures. This county has the finest roads in the State of Mississippi, barring none. Hundreds of thousands of dollars have been spent in recent years over Hancock for good roads, and this work has been accomplished. Every highway is 100 per cent, and every byway so treated has the same rating. Therefore, it is interesting and gratifying to make the statement, here, now and for all times, Hancock county has the best roads in the State of Mississippi, and the fact that the Hancock County Protection Committee is busy in the premises regarding the Waveland and other sea wall building, the boulevard treatment is included in this gigantic program. We are not seeking false boosting or fictitious statements, the plan fact will suffice.

## FEWER SCHOOL HOUSES.

Once America's pride, the "little red school house," with its barn-like single room and primitive equipment, is slowly but surely passing. More than 10,000 of these small district school buildings were abandoned in the past five years, their places being taken by the modern consolidated school.

With the rapid extension of good roads and the employment of motor busses for the transportation of children to these larger institutions, it seems inevitable that the one-room school, with its many handicaps, will more and more rapidly disappear.

While the district school must thus give place to a new and better system, it has filled, and is still filling, a paramount role in the advancement of the nation. To the self-sacrificing labors of faithful teachers in these rural schools many famous men and women owe their early education and inspiration.

But the demands of progress must be met in education, as well as in all other phases of our increasingly complex civilization. The new and larger consolidated school, with its staff of better prepared teachers, its improved organization and its modern equipment, will mark and advance over the "little red school house," which must make for a more enlightened and efficient citizenship.

At no time in its many years of history has Bay St. Louis and vicinity entered upon a program of improvement and development as at present, without precedent and which only a comparatively short time since the most feigned or imaginative mind could not create. It is truly akin to wizardry. We have paved streets, that only a year since no one would hardly dream of; and, likewise, the county is preparing to build a sea wall across a vast stretch of water frontage, including two cities and unincorporated territory, two bridges over Bay St. Louis, and a number of private enterprises, to say nothing of the handsome new Masonic Temple in this city, which is in the last finishing stages. Added to this, land values have taken on a substantial and living value that means something for both present and future, and our banks are headed for a total resource that will in time reach the five million mark.

When we think of Bay St. Louis, the sleeping village of yesterday, and behold the same place today, and peer into the morrow, it seems the geni is present and some one has rubbed Aladdin's lamp.

The Echo last week took occasion in its news columns to chronicle two Coast enterprises of unusual interest and local import. Local not only for the reason both are to be located on the east side of the Coast, but because local capital, brains and enterprise are backing both projects. One is the new building for the Hancock County Bank at Pass Christian, and the other a similar undertaking for Long Beach. Both are projects of no small import and carrying significance that will prove a factor for the further and more substantial development of the Gulf Coast. We must congratulate the forces of the Hancock County Bank, at Bay St. Louis, for such master stroke, and with our felicitations co-mingled are our best wishes. Banks of such enterprising character cannot but contribute to the force of the very axis upon which all things revolve, for our financial institutions are the very substance and foundation of things.

This paper, even though the matter was a very delicate one, has called attention personally to the promoters of a prominent development and subdivision project within sight of the north shores of Bay St. Louis, to the fact that all of its advertising places special stress that its location is near a neighboring city, and not Bay St. Louis. Although we do not the subtitle, "On-the-Bay." We have no objection and no control over the fact the sub-division is near the certain delightful and beautiful sister city it chooses to boom and boost, for that might be proper. But why not say, "On Bay St. Louis?" By water route the trip across will be only 8 minutes and with the building of the proposed bridge by Messrs. Fisher, Genip, Cooper and others Bay St. Louis will be at the very doors and within sight. Bay St. Louis is not seeking any free advertising. We are both willing and able to pay for ours. But we are protesting in the interest of the fitness and justice of things.

Among the questions asked a Methodist bishop upon taking office is, "Do you know you have been divinely called to the bishopric?" Dr. F. N. Parker, of Emory University, declined the bishopric some years ago because he felt that he could not answer affirmatively that question, but it is said that he is now of different mind and may yet become a bishop of the Methodist Episcopal Church, South. Politicians are more alert to recognize the call to service; in fact, they hear it the first time.

John Brodie, of Buffalo, who claims to have invented the trench helmet, is suing the government for compensation for his device.

## FARMERS GET MORE PLEASURE.

Census figures show us about seventy-five thousand less farmers on the farms in the past five years, but despite this fact farm life in the United States is becoming more enjoyable. This is shown by the same census figures, and according to them the use of the tractor, the most modern labor-saving device employed by agriculture, has increased 106 per cent. Radio outfits, connecting the farmer's fireside with the world of entertainment and instruction, have been installed in 284,056 rural homes of the United States.

Many more farm homes have installed farm lighting systems, sewerage and running water, and nearly every farmer has an automobile for work and pleasure.

Farmers and their families travel more and see what is going on, and the women of the farm dress in better style and now one cannot tell the farm flapper or farm boy from the city slicker.

All of this is as it should be, and it looks like the farmer is rapidly coming into his own.

## "PAT" VISITS BAY ST. LOUIS.

Senator "Pat" Harrison, beloved by all who know him, and one of the most scholarly and faithful and efficient servants the great State of Mississippi has in the salons at Washington, was a visitor to Bay St. Louis Tuesday for a few hours. Leaving that night for Washington, returning to his post, after a brief visit to home and friends, he said he could not return without a visit, even though short, to Bay St. Louis. While here he tried to get around as much as his time would permit and mingled with friends. Senator Harrison said to an Echo reporter, Hancock county always gave him a big majority and he was grateful for this consideration and never failed when time would permit to visit this section.

## ENGAGEMENT OF MISS LILLITH ANSLEY ANNOUNCED.

The following clipping is taken from the Albuquerque, New Mexico, press, and concerns Miss Lillith Ansley, accomplished and popular young lady, who has lived here all her life until a year or so ago:

"One of the loveliest parties of the spring was that given by Mrs. P. A. Miller, 3211 Forester avenue, on Wednesday afternoon, at which time an announcement was made of the approaching marriage of her sister, Miss Lillith Ansley, and Mr. France V. Scholes.

"The home was most attractively decorated in apple blossoms and pink streamers, with dozens of gaily colored butterflies, giving the effect of a garden party.

"The twenty guests spent the afternoon playing bridge, Mrs. W. Pickett winning the high score prize. The announcement cards were daintily tied with ribbon to pink carnations, which were the favors.

"Refreshments of punch, ice cream and cake, carried out the same color scheme.

"Before leaving the guests were invited next door to the home of Mrs. A. Heyn, where the contents of the high chest were inspected and admired; there were many lovely pieces of handiwork. Mrs. Miller proved a most delightful hostess at this very pleasant afternoon affair."

The foregoing "interesting" announcement will be read with more than ordinary interest by the many friends of Miss Ansley. The gentleman fortunate is P. V. Scholes, from Bradford, Ill., who has had seven years at Harvard, and has the B. A. and M. A. degrees and will finish his Ph. D. degree in Mexico City, on the Phi Beta Kappa fraternity. The wedding will take place at the Methodist Church, in Albuquerque, on June 5th. Later in the season, after traveling, Prof. Scholes and his intended bride will make their future home at Colorado Springs, Colo.

## GULFPORT'S SLOGAN.

The Gulfport Chamber of Commerce offered a prize of \$50 for the best slogan for that city. Suggestions were received from more than one thousand persons from all sections of the United States.

After wading through the mass of letters, the judges selected one submitted by Mrs. George C. Poole, of Gulfport, and awarded her the prize. The slogan suggested by Mrs. Poole and adopted by the judges is: "Gulfport, Where Your Ship Comes In."

J. J. Dickson, of Toronto, is the first Canadian to be elected president of the International Association of Police Chiefs.

## ORDINANCE No. 116.

AN ORDINANCE requiring all persons to obtain a building permit before any building or structure of any kind whatever shall be constructed, erected or placed on any lot or lands in the City of Bay St. Louis, notice, fees, penalty.

Section 1. Be it ordained by the Board of Mayor and Aldermen of the City of Bay St. Louis, Miss., that it shall be unlawful for any person to build, construct or place buildings or structures of any kind whatever on any lot or land in the city without first having a permit so to do as provided for herein.

Section 2. Any person desiring to build or construct any kind of building or structure, shall file his application with the Secretary of the City, and also file a sketch of plans and specifications showing full details of the building or buildings, its location and all things pertaining thereto. When the said application, plans and specifications are filed, the Secretary shall publish the fact that said application has been filed in his office, in a newspaper published in the city, for two weeks (two insertions) prior to the meeting of the Board of Mayor and Aldermen, at which time said application shall be considered. The said notice shall be directed to all persons residing and owners of property in the neighborhood and all other persons interested, to file their protest in writing or orally against the issuance of said permit. The Board will then issue or refuse the issuance of said permit.

Section 3. Before granting permits under this ordinance, notice must be published as above required, but if the proposed building be within the neighborhood or other building used in connection with a dwelling, the Board of Mayor and Aldermen may dispense with publication and payment of said fee.

Section 4. All persons who build or construct any kind of character of building or structure without first having obtained a permit, shall be guilty of a misdemeanor and upon conviction shall be fined not less than ten (\$10.00) dollars and not more than five hundred (\$500.00) dollars, and the said building constructed without the proper permit shall be and is hereby declared a nuisance and shall be abated as such.

Section 5. The applicant shall pay to the Secretary the sum of three (\$3.00) dollars, out of which shall be paid the cost of publication of the notice as herein provided, if said notice is necessary.

Section 6. That this ordinance take effect and be in force from and after its passage.

Approved in open Board this 1st day of May 1926.

G. Y. BLAIZE, Mayor.  
Attest: S. J. LADNER, Secretary.

**\$78.00 Every Time Your Watch Ticks**  
~A Daily Total Expense Bill of \$340,000 for Operating Costs

That's what it cost the Louisville & Nashville Railroad during the year 1925 to deliver the high type of freight and passenger service which has earned for this system the name of "The Old Reliable." Every day, this Railroad paid to its employees, citizens of the South, who contribute to the prosperity of the community in which they live, the sum of \$186,000.00 in wages. Each day, this Railroad paid to the mine owners of the South the sum of \$21,000.00 for fuel. Every twenty-four hours during 1925, the Louisville & Nashville Railroad paid \$62,000.00 for materials and supplies. Every day during 1925, it paid in city, state, local and federal taxes, the sum of \$20,000.00—while \$31,000.00 per day was required for interest on its bonded indebtedness and \$20,000.00 per day for rents, casualties and miscellaneous items. Figured down to the minute, it costs the Louisville & Nashville Railroad \$78.00 in operating expenses every time your watch ticks.

Do you realize and appreciate what an important factor the American railroad is in promoting the prosperity of each and every citizen?

During the past five years, a daily average of \$47,700 has been expended for permanent improvements, in order to enlarge the capacity of the L. & N. property.

ROCK-A-CHAWS BEAT GYMNASTS  
IN HALF GAME.

Found Pitchers Hard—Game Called  
Account Late Hour.

After defeating the famous athletes from the Y. M. C. C. of New Orleans, in the field sports, by a narrow margin of two points, as will be observed elsewhere in these columns, the Rock-A-Chaws team met their rivals on the diamond in a short, hoistly contested and disastrous game of the great American pastime.

The game went but half way when it was called on account of the lateness of the hour and in order to permit the visitors to catch their train back to the Crescent City.

The team, representing the Gymnasts, were, however, better known as McClure's "Monogram Tea" nine. A bunch of well known semi-professionals of the big burg, each with a fair reputation as a ball player.

This team, though, like many others who essay the task of defeating the right-7 Rocks on the diamond, soon found that they were up against a very tough proposition in the college boys and were obliged to take whatever medicine the Commagere bunch dished out to them.

The Monograms discovered very early that they were outclassed and it was a bit fortunate that the game was called so early, because they were saved the publicity of some disaster that would not look well to their mates in the big city.

Jimmy La Nasa was pitted against F. McClure in the mound work, but in the midst of the third inning McClure twisted his ankle and had to give way to Allen who had been hiding down the center garden. Allen was not in any form to meet the hitting Rocks, and he was at their mercy. They were very merciful, too, for they purposely walked off bases in order to hasten the end.

This was in the third inning, when six runs had been scored and the total had 9 to 4.

Fernandez, who has been off-eyed on the ball for some time, faced out a pretty double to deep center; Troups, another counted as a weak hitter, slammed a single to right, scoring Fernandez; then Troups stole the keystone; Rinaruo beat out a slam to short; Blouin went out, short to first. Big Zeke ambled up with his long pole and Mc. threw four very wide ones purposely to walk the slugger, filling the bags. Schwartz singled over second, scoring Troups. Then it was that Pitcher McClure gave his right ankle a severe and painful twist, which necessitated taking him out.

Allen relieved the injured twirler, but nothing could stop the Rocks. Blaize binged through third and another tally was added; then Allen lost all control and walked both Montz and La Nasa, forcing in a couple of runs. Fernandez, up the second time in the inning, got an other safety over third. It was getting tressome to the boys and Forster signalled them, whereupon both Montz and La Nasa walked off bases and were put out.

The Monograms took their turn for the fourth, but soon gave up the ghost.

**PELICAN STARS DEFEAT LONG BEACH.**

The Pelican Stars of Bay St. Louis went over to Long Beach last Sunday to defeat the Raggedy Nine of Long Beach, Miss. The score was 16-3. Similar games are planned by the Pelican Stars.

CECILE B. deMILLE BUYS HOME  
NEAR BAY ST. LOUIS.

Millionaire Motion Picture Producer  
Visited Coast Several Years Ago  
and Never Forgot It—Buys at Pine Hills Suburb.

Cecil B. deMille is now a property owner on the Gulf Coast.

The millionaire motion picture producer has just invested \$10,000 for the purchase of a tract of land in the Pine Hills-on-the-Bay, near Bay St. Louis, and plans to build a magnificent home there, it was learned Saturday.

Officials of the Pine Hills Company were enthusiastic upon the receipt of Mr. deMille's check from Culver City, California, and expect other signs of national prominence to settle by the shell beach on Bay St. Louis.

Cecil B. deMille first became interested in the Gulf Coast when he was looting at Pass Christian on a fishing trip several years ago, according to Mike Hart, of New Orleans, his personal friend. The shore of what now is Pine Hills was passed, when Mr. deMille and his party were on their way to Bayou Jordan to catch green trout.

The California movie man was charmed by the beauty of the spot, which he now has bought, and at the time stated that such a locality would be ideal for a home.

The exact nature of the building Mr. deMille intends to erect at Pine Hills-on-the-Bay, near Bay St. Louis, has not been decided upon, in as far as the land company officials know.

However, it will probably be in harmony with the architectural scheme of the big Pine Hills hotel, which shows Spanish influence. It is very likely, Mr. Hart says, that besides building a hacienda type of domicile, Mr. deMille will have formal Italian gardens and a beautiful marble-finished swimming pool.

You.

Does your back ache night and day;  
Hinder work; destroy your rest?  
Are you tortured with aching pains  
When you stoop, lift or bend?  
Then likely your kidneys are weak.  
More troubles may soon appear.  
Headaches, dizziness, nervousness,  
Or uric acid and its ills.  
Help your weakened kidneys with a  
Soothing Diuretic.  
Use Doan's Pills.  
Read this interesting testimony:  
Mrs. William Scheeler, 2221 Twenty-fourth Ave., Gulfport, Miss., says:  
"My back ached and pained all day long. Mornings my back was so stiff I could not get up. I had headaches and dizzy spells and was nervous. My kidneys also acted irregularly. Doan's Pills soon cured the attack."

The above is not an isolated case. Mrs. Scheeler is only one of many in this vicinity who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS—the same that Mrs. Scheeler had and that all dealers in "Doan's Pills" carry. Write to Doan's Pills Co., Buffalo, N. Y.

## ST. STANISLAUS COLLEGE NEWS.

**Rock Trackmen Defeat Y. M. C. C.**  
Sunday afternoon the public had a very good opportunity to see that Mr. Commagere has again developed a wonderful track team, and one possessing that fighting spirit that is characteristic of all Stanislaus athletes.

By defeating Y. M. C. C. we have reason to believe that again we shall conquer all opposition at Lafayette in the A. A. U. The New Orleans team had an aggregation of the best athletes in the Crescent City, and it was only by a close score that they were defeated.

To pick out the stars would be a hard task, because everyone delivered the goods. But we have to admit that the way in which Jacobs breezed through the 220 and 440 yard dashes, caught the eyes of the spectators. Just watch this fair blonde lad at Lafayette. And as usual "Zeke" just had a monopoly on the points, scoring 23 for the Red and Black in the field events.

Thursday morning the track team left for Lafayette to compete in the Southern A. A. U.

G. C. M. A. Again Defeated by S. S. C. Nine.  
Tuesday, right after dinner, the

cars gathered at the College campus for the purpose of conveying the baseball team and the members of Class '26 to Gulfport, for the last of the two-game series between S. S. C. and G. C. M. A.

Everyone had a fine time going over and arriving safely at G. C. M. A., after many narrow escapes.

After the usual warming up, the game began.

Schwartz began the fireworks in the second inning, when he hit a long drive in right field for four bases. After that the task of scoring runs was apparently easy, for the Rocks made a literal track meet out of the game. But the soldier boys could not acquire this art of making runs, for the simple reason that "Cotton" Collier was twirling, and the best the cadets could do was to collect two measly scratch hits. Only 19 men faced Collier, a feat Walter Johnson would be proud of. After scoring eight runs, Forster, having several track men on the team, decided that they had had enough running practice, so the scoring stopped.

Everyone returned hom happy and contented, for again had the Red

and Black proved that the soldier boys were not their match.

Off to the A. A. U.

Thursday morning one of the best track teams S. S. C. has seen for quite a while left to compete in the Southern A. A. U., which is being conducted under the auspices of Southwestern Institute, at Lafayette, La.

Everyone is determined to do his very best to win both the Junior and Senior day trophy. Last year the Stanislaus boys showed the South that they could fight, by winning the meet in the very last year. This year we hope to have the meet nicely iced away before the last event comes around.

The following are making the trip: Jacobs, Rinaldo, Burns, Barton, Reed, Hunter, E. Blaize, Johnson, Bonura, Montz, Leger, Zaunbrecher, Woudin, McCarty, Lacoste, Troups, Glover and Heine.

The team will return Sunday morning, and we all hope with two great big cups.

**Reserves Go To Biloxi.**

Thursday evening, shortly after noon, the Stanislaus Reserves baseball team left for Biloxi to play the crack Biloxi High School team. Last Thursday the Biloxi boys spread it all over the Reserves, but the Junior Rocks are determined to turn the tables this time.

There is quite a number making the trip, and there will be plenty of rooting to help the home boys along.

**Seniors Repeat.**

What at first was thought to be a feat has now become a habit, viz: The Seniors trouncing the Juniors.

They did this Friday, when Gordon, pitching ace "Souped" the Juniors, 6-3, giving up but three hits and "whiffing" ten men. Ducote, Senior right fielder, saved the day with two sensational catches with the bases full.

Bontemps, opposing hurler, pitched good ball, but hits were made when needed by the Seniors.

Sam Haik, the only recognized official, worked his usual splendid game.

**Score by innings:**  
Seniors -----000 310 200—6 6 6  
Juniors -----000 030 001—3 4 7

Summary: Two-base hits, Thompson, Ware and Babin. Stolen bases, Thompson 2, Gordon 2, C. Waters 2, Ware, Bontemps, Babin. Strikeouts, by Gordon 10, by Bontemps 10. Base on balls, off Gordon 4, off Bontemps 0. Hit by pitcher, by Bontemps, Brandt.

Umpires: Haik and McMeel.  
Scorer: Colatta.

**Pictures Taken.**

Saturday was devoted to the taking of the different pictures, some for the catalogue, some for advertising, and the pictures of the graduates.

This work was done by the Harvey Studio, from New Orleans.

There was also a representative from the Harco Moving Picture Co., also of New Orleans, who took pictures of the basketball team in action in the Gym, and the calesthetic drills.

**Knights of Columbus Initiation.**

The annual Knights of Columbus initiation will be held at Bay St. Louis, Sunday, the 23rd. There is quite a number of boys from the College who have filled their application for entry into this splendid society.

Following are the boys who will be initiated: Alfred Ware, James Ware, Stephen Closs Reyes, Henry Bonura, John R. Hunter, Peter Paul Banville, Edward Thompson and Lucien Guidry.

**May Festival.**

Friday, the 21st, at 4 p. m., will mark the termination of the May festival, which has been in progress for the past month. Much rivalry has been shown in campaigning for the king and queen and it is due to this keen competition that the festival is made possible.

**Exit of Class '26.**

When in the course of human events it becomes necessary for all good fellows to part, it necessarily follows that the members of Class '26 must part sometimes in the following century. And part we must, we who have stuck together through thick and thin, and therefore why not let it be on June 13th, which is drawing nearer and nearer every moment.

And thus, we shall part.

**Sense—Mostly Nonsense.**  
The Seniors' Anthem.

Chorus:

The less you forget, the more you know.

**SO WHY STUDY?**

Have Gas Cooking In  
Your Home, Too!

HERE is the cooker that puts an end to cook stove drudgery! It's the Coleman, the modern stove that makes and burns its own gas—gives housewives on farms and in small towns all the conveniences of a city gas range. It's a gas range and gas plant, all in one. Easy and safe to operate. Tank can't spill fuel, can't be filled while in use, no crawling flame. A cleaner, hotter flame than natural gas or kerosene. A clean kitchen—always, and clean pots and pans—no smoke, no soot.

The Coleman cooks an average meal on 2½ worth of fuel. Made in various styles and sizes from small Bungalow Cookers to big, high-oven ranges. Come in for a demonstration.
